

[10] In relation to the threatening to kill charge, I sentence you to a term of 2 months imprisonment to be served concurrently.

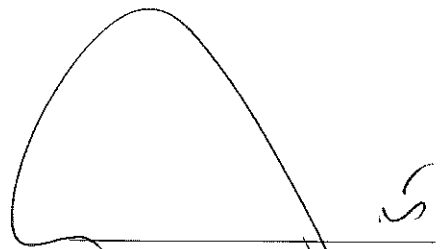

[11] In relation to the driving with excess breath alcohol charge, I sentence you to 1 month imprisonment to be served concurrently.

[12] There is an automatic 12 month disqualification for driving and in this case I direct that that comes into effect at the point you are released from prison.

[13] In relation to the other charges which I have not directly mentioned, you are convicted but discharged in relation to each one of those.

[14] Once you leave prison, you will be subject to a period of probation of 12 months. The terms of that probation are to include such terms as the Probation Service order but will include the condition that you are to abstain from the purchase and consumption of alcohol. You are not to enter into any licensed premises and you are to attend any training or workshop directed by the Probation Service.

[15] I also record that when you were due here earlier this morning for sentence, you did not turn up and a bench warrant was issued for your arrest. I then discovered you had had an accident on the way to Court, and as we can all see, you are now somewhat the worse for wear. I want to ensure that Mr Suguigau is properly cared for in relation to these injuries. I imagine that the hospital has looked after him this morning but there may need to be some accommodation over the next few days to ensure that the injuries that he suffered this morning are properly attended to.
