G.N. No. 247 / 2013

PUBLIC SERVICE ACT 1998
VACANCY: SECTION 15

Applications are invited from persons both inside and outside the Public Service for appointment, transfer or promotion to the following position:

DEPARTMENT OF COMMERCE, INDUSTRY & ENVIRONMENT

POSITION : Waste Management Officer

SALARY SCALE : \$7, 414pa (L5.2) - \$285.15

PURPOSE OF POSITION:

Waste management is a major concern in Nauru because of its negative impacts on national development activities and social well being such as public health, the environment, food security, and tourism.

The legislations dealing with waste management are either incomplete or inappropriate, or need to be revised and harmonized in order to increase their effectiveness, and be more relevant to the nature of today's waste in Nauru.

Current disposal methods for waste include open dumpsites, illegal disposal in sea and unused land, or backyard burning. The current collection system is functional, but suffers from mechanical problems; with the result that waste builds up at a faster rate than can be collected.

The Waste Management Officer (WMO) will be responsible for the planning and coordination of the development of the National Waste Management Policy Framework, which incorporates management of all types of waste, i.e. solid waste, e-waste, chemical waste, hazardous waste, etc, and ensuring the implementation of the solid waste management priorities and action plans which were identified through the national strategy development workshop in 2009 involving multiple stakeholders covering a wide sectoral approach across Nauru government, NGO groups and communities.

NATIONAL PRIORITIES IN SOLID WASTE MANAGEMTN:

- Legislation
- Political will
- Awareness
- Capacity Building
- Disposal facilities
- Recycling
- Sustainable financing

G.N. No. 247 / 2013(cont'd)

KEY RESPONSIBILITIES: The WMO reports directly to the Director of Environment and the Core Functions are:

- Planning and coordination on the development of a National Waste Management Policy;
- Initiate planning and implementation of the national waste priorities as identified in the 2009 national waste management strategy development workshop;
- Engage in dialogue with regional and international partners to obtain support;
- Ensure participation and collaboration with key stakeholders in planning and implementation of activities in the waste sector;
- Establishing a centralized database and library on waste management;
- Establish or utilizing appropriate institutional frameworks to support work;
- Promoting waste management issues to stakeholders, Government Departments, SOE's, communities, etc;
- Timely preparation and submission of reports as required;
- Provide technical and administrative support to project implementation where necessary.

QUALIFICATIONS:

- A qualification or some experience in waste management is preferred;
- Well versed in Microsoft office applications;
- Ability to communicate highly effectively both in English and Nauruan language;
- Ability to conduct interviews and produce reports;
- Ability to be able to present in meetings;
- Ability to plan, prioritize, and co-ordinate workload in order to meet deadlines;
- Ability to work within a team environment and under own supervision using initiative.

Application should be lodged in writing or electronically word processed stating name, age, qualification and curriculum vitae provided to the Chief Secretary's Office or the Director of Human Resources & Labour no later than **5:00pm, Friday 19th April, 2013.**

DATED this 4th day of April, 2013.
