RESTATED EIGHTH SUPPLEMENTAL AGREEMENT

between

THE INDEPENDENT STATE OF PAPUA NEW GUINEA,  
THE BROKEN HILL PROPRIETARY COMPANY LIMITED,  
BHP MINERALS HOLDINGS PROPRIETARY LIMITED,

INMET MINING CORPORATION

and

OK TEDI MINING LIMITED

RESTATED EIGHTH SUPPLEMENTAL AGREEMENT

THIS RESTATED EIGHTH SUPPLEMENTAL AGREEMENT is made as of the 4th day of August 1995

**BETWEEN:** THE INDEPENDENT STATE OF PAPUA NEW GUINEA (hereinafter called the "State") of the first part,

THE BROKEN HILL PROPRIETARY COMPANY LIMITED (ACN 004 028 077), a company incorporated in the State of Victoria in the Commonwealth of Australia (hereinafter called "BHP"), of the second part,

BHP MINERALS HOLDINGS PROPRIETARY LIMITED (ACN 005 744 025), a company incorporated in the State of Victoria in the Commonwealth of Australia (hereinafter called "BHP Minerals"), of the third part,

INMET MINING CORPORATION (formerly Metall Mining Corporation), a corporation incorporated in the Province of Ontario, Canada (hereinafter called "MMC") of the fourth part

**AND** OK TEDI MINING LIMITED, a company incorporated in Papua New Guinea (hereinafter called the "Company"), of the fifth part.

**WHEREAS:**

- A. By an Agreement dated the 22nd day of March 1976 between the State of the first part and BHP Minerals Pty Ltd (then named Dampier Mining Company Limited and subsequently named BHP Minerals Limited) of the second part the State granted to the said BHP Minerals Pty Ltd certain rights, set out in detail in that Agreement, including rights to carry out investigations and studies in relation to, and to undertake a Project involving the exploitation of, the Ok Tedi Deposits in Papua New Guinea.
- B. The Agreement referred to in Recital A has been varied, amended and supplemented by, and assigned as set out in, a Supplemental Agreement (the "First Supplemental Agreement", which term includes the same as varied, amended and supplemented by the Second Supplemental Agreement, the Fourth Supplemental Agreement, the Fifth Supplemental Agreement, the Sixth Supplemental Agreement and the Seventh Supplemental Agreement) dated the 26th day of June 1980, a Second Supplemental Agreement (the "Second Supplemental Agreement") dated the 26th day of February 1981, a Third Supplemental Agreement (the "Third Supplemental Agreement") dated the 4th day of March 1982, a Fourth Supplemental Agreement (the "Fourth Supplemental Agreement") dated the 1st day of March 1984, a Fifth Supplemental Agreement (the

"Fifth Supplemental Agreement") dated the 1st day of August 1985, a Sixth Supplemental Agreement (the "Sixth Supplemental Agreement") dated the 28th day of February 1986 and a Seventh Supplemental Agreement (the "Seventh Supplemental Agreement") dated the 10th day of July 1986 and, as so varied, amended and supplemented, is hereinafter referred to as the "Principal Agreement".

- C. Pursuant to and in compliance with the Principal Agreement and leases, licences and authorities issued by the State under or in connection with the Principal Agreement, the Company has conducted its operations since their inception in a manner that has been lawful in all respects and the Company continues so to conduct its operations in a manner that is lawful in all respects. Pursuant to and in compliance with a Management Agreement dated the 10th day of September 1987 (as amended), BHP has provided management services to the Company and has conducted itself in that regard in a manner that has been lawful in all respects and BHP continues so to conduct itself in a manner that is lawful in all respects.
- D. In conformity with Clause 29.12 of the Principal Agreement (as in force prior to the date of this Agreement) the Company has, prior to the date of execution of this Agreement, made compensation payments aggregating approximately K2,900,000 on account of loss suffered as a result of the Company's operations.
- E. Notwithstanding the Company's ongoing programme of compliance with its obligations under Clause 29.12 of the Principal Agreement (as in force prior to the date of this Agreement), a number of writs have been, or were sought to be, issued against the Company and BHP, in Papua New Guinea and elsewhere, seeking damages, exemplary damages, injunctions and declarations in connection with the effect of the Company's operations on the environment. Foreign lawyers have been active in connection with this litigation or attempted litigation and have raised unrealistic expectations among persons affected by the Company's operations as to the compensation which those persons might expect to receive. This litigation or attempted litigation, if allowed to run its course, is likely to take an extremely long time to resolve and to be very expensive for everyone involved in it. Significant social unrest and disharmony would be likely to result. It is contrary to the national interest of Papua New Guinea for this to be allowed to happen.
- F. The State, the Company and the Corporate Sponsors have always recognized that persons who are adversely affected by environmental damage as a result of the Company's operations must be fairly treated and adequately compensated. To be effective, a compensation process should be speedy and competent. The State has therefore proposed a long-term compensation package and has discussed that package with Fly River Provincial Government, Western

Province on behalf of the people affected by the Company's operations and with the Company.

- G. Following certain transfers of ordinary shares in the capital of the Company that have taken place or that are proposed to take place the ordinary shares in the capital of the Company are or will be held (subject to the next succeeding sentence) in the following respective percentages:

the State	-	30%
BHP Minerals	-	52%
MMC	-	18%.

It is intended that the benefit of certain of the shares forming part of the holding described above as being the State's holding is to accrue to the people of Western Province.

- H. The Series A Cumulative Redeemable Preference Certificates in the capital of the Company that were held by the Amoco Corporation group have been transferred to BHP, while the Series A Cumulative Redeemable Preference Certificates that were indirectly held by Metallgesellschaft AG and Degussa AG have been indirectly held by MMC, and are, or it is proposed that they will be, directly held by MMC. The Series A Cumulative Redeemable Preference Certificates in the capital of the Company that were directly held by the State have been transferred to BHP, while the Series A Cumulative Redeemable Preference Certificates in the capital of the Company that were indirectly held by the State have been indirectly held by BHP and MMC, and are, or it is proposed that they will be, directly held by BHP and MMC.
- I. Indirect holdings of shares in the capital of the Company have been held through direct holdings of shares in the capital of Star Mountains Holding Company Pty Limited ("SMH"), which has in turn been the direct holder of shares in the capital of the Company. The shareholders in SMH have resolved that SMH be wound up and its assets distributed in specie to its shareholders.
- J. The parties entered into an Agreement on 4 August 1995 in order to make necessary changes to the Principal Agreement and the First Supplemental Agreement as a consequence of the matters referred to in Recitals E to I and to make certain other changes.
- K. The parties wish to restate the Agreement entered into on 4 August 1995 and they enter into this Agreement accordingly.

**NOW IT IS HEREBY AGREED AND DECLARED as follows:**

## 5. COMPENSATION

5.1 This Agreement changes the compensation arrangements set out in the Principal Agreement. Appendix 1 contains a very brief outline of the revised compensation arrangements. In the case of any inconsistency between the provisions of Appendix 1 and the provisions of the Principal Agreement as amended by this Agreement, the latter provisions will prevail.

5.2 Clause 29.12 of the Principal Agreement is deleted.

5.3 The Principal Agreement is amended by inserting the following provisions after Clause 29:

### '29A ELECTION TO BECOME A NON-ELIGIBLE PERSON

29A.1 By not later than the date which is 6 months after the date upon which the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 comes into operation, a person resident in the Affected Area may, by notice in writing executed by a clan leader on behalf of that person and delivered to the Company, elect to become a "Non-Eligible Person" for the purposes of this Agreement. Any such election shall be irrevocable. A clan leader's notice shall relate to the whole of that clan leader's clan.

29A.2 If members of a clan accept, or a clan leader on behalf of a clan accepts, an amount distributed under Clause 29D, or members of a clan do not elect in accordance with Clause 29A.1 to become "Non-Eligible Persons" for the purposes of this Agreement, the members of that clan will be deemed to have agreed to be "Eligible Persons" for the purposes of this Agreement and, accordingly, not to claim any entitlement to compensation under Clause 29E.

29A.3 If more than 15,000 persons are Non-Eligible Persons on the date 6 months after the date upon which the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 comes into operation, the Company may, by notice published (within a further period of 1 month) in at least 1 daily newspaper circulating in Papua New Guinea, elect that Clauses 29B, 29C and 29D shall cease to apply whereupon those Clauses shall cease to apply and all persons resident in the Affected Area shall be treated for all purposes of this Agreement as Non-Eligible Persons.

#### 29B GENERAL COMPENSATION ON BEHALF OF ELIGIBLE PERSONS

29B.1 By not later than the First Due Date the Company must pay to the Provincial Government, on behalf of the Eligible Persons, compensation in an amount equal to the aggregate of:

- (a) K10,000,000, being compensation in respect of the period from and including the commencement of the Company's operations to and including 31 December 1993; and
- (b) K4,000,000, being compensation in respect of the Relevant Period from and including 1 January 1994 to and including 31 December 1994,

such compensation being additional to the compensation referred to in Recital D to the Restated Eighth Supplemental Agreement.

29B.2 By not later than each Due Date after the First Due Date the Company must:

- (a) notify the Secretary for Mining and Petroleum of the State of:
  - (i) the aggregate number of tonnes of mine waste that has been excavated by the Company; and
  - (ii) the aggregate number of tonnes of ore that has been mined by the Company

during the Relevant Period that last ended prior to that Due Date in the course of the Company's mining operations; and

(b) subject to Clauses 29B.3, 29C.3 and 29C.4, pay to the Provincial Government, on behalf of the Eligible Persons, an amount of compensation equal to the amount that is the greater of the amounts determined in accordance with (i) and (ii) below:

(i) the amount that is:

(A) in respect of the Second Due Date - K4,000,000; and

(B) in respect of each Due Date after the Second Due Date - the amount that was payable under this Clause 29B.2 in respect of the immediately preceding Due Date; and

(ii) the amount that is the lesser of the amounts determined in accordance with (A) and (B) below:

(A) the amount that is equal to the product of 1.4% times the sum of:

(1) the F.O.B. Revenue (as defined in Clause 24.1) applicable to deliveries by the Company pursuant to sales or other dispositions made by the Company of Mine Products (as defined in Clause 24.1) where such deliveries are directly or indirectly for export; and

(2) the Net Smelter Returns (as defined in Clause 24.1) applicable to such Mine Products where they are smelted or smelted and refined in Papua New Guinea,

in respect of the Relevant Period to which that Due Date relates; and

(B) the amount that is the greater of the amounts determined in accordance with (1) and (2) below:

(1) the amount that is equal to the product of the Specified Amount times the aggregate of the numbers of tonnes notified under Clauses 29B.2(a)(i) and (ii) in respect of the Relevant Period to which that Due Date relates; and

(2) the amount that is:

(aa) in respect of the Second Due Date - K4,000,000 as adjusted, as of 30 June 1995, in accordance with the percentage change in the CPI since 30 June 1994 (or, if that percentage change is an increase of more than 5%, K4,200,000); and

(bb) in respect of each Due Date (the "Relevant Due Date") after the Second Due Date - the amount (the "Relevant Amount") that was payable under this Clause 29B.2 in respect of the immediately preceding Due Date as adjusted, as of 30 June last preceding the Relevant Due Date, in accordance with the percentage change in the CPI over the year ending on that 30 June (provided

that on no such adjustment will the Relevant Amount be increased by more than 5% of the amount that constituted the Relevant Amount before that adjustment),

and each adjustment referred to in (aa) and (bb) above must be determined by the Treasurer and promptly notified by the Treasurer to the Secretary of Mining and Petroleum of the State.

Schedule IV contains examples of the calculation of the compensation payable under this Clause 29B.2 on the assumptions there described. Schedule IV is illustrative only and does not specify actual payment obligations. In the case of any inconsistency between the calculations in Schedule IV and the provisions of this Clause 29B the provisions of this Clause 29B will prevail.

- 29B.3 If any person obtains or is entitled to obtain damages, compensation or any other form of monetary or non-monetary relief, or any award of costs, under or in connection with any of proceedings No 5782, No 6861 and No 6862 of 1994 in the Supreme Court of Victoria, Australia or under Clause 29E, then the General Compensation Obligations shall be reduced in accordance with the next succeeding sentences. The reduced General Compensation Obligations shall be such as the Treasurer determines would have a net present value (as determined by the Treasurer) which, when aggregated with the value (as determined by the Treasurer) of the abovementioned damages, compensation, relief and costs, equals the net present value, at that time, of the General Compensation Obligations (as determined by the Treasurer). The net present value of the General Compensation Obligations will not be reduced by more than K20,000,000 (as adjusted in accordance with the next succeeding sentences) under this Clause 29B.3. The said amount of K20,000,000

shall be adjusted, as of each 30 June, commencing with 30 June 1995, in accordance with the percentage change in the CPI since the previous such adjustment (or, in the case of the first such adjustment, since 30 June 1994), provided that on no such adjustment will the relevant amount be increased by more than 5% of the amount that constituted the relevant amount before that adjustment. Each such adjustment must be determined by the Treasurer and promptly notified by the Treasurer to the Secretary of Mining and Petroleum of the State.

29B.4 Each net present value referred to in this Clause 29B shall be determined by using an annual discount rate of 15% and on the basis of the business and mining plans of the Company that are current at the time of such determination and shall otherwise be determined in such manner and on such basis (including such assumptions) as appear reasonable to the Treasurer. If requested to do so by the State in any individual case, the Treasurer will describe in reasonable detail the manner in which and the basis (including the assumptions) on which the Treasurer so determined each such net present value in that case.

29B.5 Compensation payable under this Clause 29B is additional to compensation payable under Clause 29F.

#### 29C LIMIT ON GENERAL COMPENSATION OBLIGATIONS

29C.1 If the Company is obliged:

- (a) in accordance with the procedures set out in Clause 29.14, to take any steps or construct any facilities; or
- (b) otherwise to undertake any capital spending to mitigate the impact of the Company's operations on the River System,

(the "Expenditure Obligations") the Treasurer shall determine the net present value, at that time, of:

- (c) the Expenditure Obligations (the "Expenditure Obligation NPV"); and
- (d) the General Compensation Obligations (the "General Compensation Obligation NPV").

- 29C.2 If the Expenditure Obligation NPV, as so determined, equals or exceeds the General Compensation Obligation NPV, as so determined, Clause 29B and this Clause 29C (other than this Clause 29C.2) shall cease to be of any further force or effect.
- 29C.3 If the General Compensation Obligation NPV, as so determined, exceeds the Expenditure Obligation NPV, as so determined, then the General Compensation Obligations shall be reduced in accordance with the next sentence. The reduced General Compensation Obligations shall be such as the Treasurer determines would have a net present value (as determined by the Treasurer) which, when aggregated with the net present value of the Expenditure Obligations (as determined by the Treasurer) equals the General Compensation Obligation NPV as last previously determined by the Treasurer under Clause 29C.1(d).
- 29C.4 If Clause 29C.1 applies in particular circumstances, this Clause 29C.4 does not apply in those circumstances. If, notwithstanding that it is not obliged to do so as referred to in Clause 29C.1, the Company proposes to undertake any capital spending, or proposes any change in the Company's operations, to mitigate the impact of the Company's operations on the Ok Tedi/Fly River System, the Company may, by notice to the State (the Company's "Initial Notice"), notify the State accordingly. The Company and the State must thereupon endeavour to agree upon (and upon the date for the introduction of) an alternative regime for the payment of compensation in place of the then current General Compensation Obligations. If such an alternative regime has not been agreed in writing between the Company and the State within 60 days after the date of the giving of the Company's Initial Notice, the Company will have the right to elect, by notice to the State, to refer for determination by an expert to be designated by applying, with necessary changes, the provisions of the definition of "Environmental Expert", the questions of:
- (a) what is a fair regime for the payment of compensation in place of the then current General Compensation Obligations, having regard to the mitigation of the impact of the Company's operations on the Ok

Tedi/Fly River System that might be expected to result from the relevant capital spending or the relevant change in the Company's operations, should that capital spending be undertaken or that change in the Company's operations be implemented; and

- (b) what is the date as of which that alternative regime should commence.

An alternative regime agreed or determined in accordance with this Clause 29C.4 shall be based upon the principle that the amount of compensation payable by the Company should be reduced in direct proportion to the mitigation of the impact of the Company's operations on the Ok Tedi/Fly River System that might be expected to result from the relevant capital spending or the relevant change in the Company's operations, should that capital spending be undertaken or that change in the Company's operations take place. Any determination by an expert pursuant to and in accordance with this Clause 29C.4 shall be final and (subject to Clause 29C.5) binding on the State and the Company, and neither the State nor the Company shall be entitled to refer such determination to arbitration pursuant to this Agreement. The expert shall in all matters act as an expert and not as an arbitrator and the costs of the expert shall be borne by the Company. The Company may give an Initial Notice on more than one occasion.

- 29C.5 In any circumstances where Clause 29C.4 applies then, notwithstanding that an alternative regime for the payment of compensation in place of the then current General Compensation Obligations may have been agreed or determined in accordance with Clause 29C.4 in that regard, the Company shall not be obliged to undertake the relevant capital spending that it had proposed to undertake, nor shall it be obliged to implement any change in the Company's operations that it had proposed to implement. If the Company decides not to undertake the relevant capital spending or to implement the relevant change in the Company's operations, it must notify the State accordingly and the General Compensation Obligations shall be (subject to any further application of Clause 29C.4)

those that applied prior to agreement on or determination of that alternative regime.

29C.6 Clause 29B.4 applies, with necessary changes, in respect of each net present value referred to in this Clause 29C.

29C.7 For avoidance of doubt it is recorded that:

(a) no amount paid under the General Compensation Obligations;

(b) no compensation paid under Clause 29E; and

(c) no compensation paid under Clause 29F

shall be required to be reimbursed by virtue of this Clause 29C.

**29D DISTRIBUTION OF COMPENSATION UNDER GENERAL COMPENSATION OBLIGATIONS**

29D.1 The Provincial Government must distribute the amount paid to it by the Company under the General Compensation Obligations in respect of a Due Date to Eligible Persons, or otherwise deal with that amount, on a basis, and in a manner, agreed from time to time between the Provincial Government and the Minister for Mining and Petroleum of the State. It is recognized that Eligible Persons resident in different parts of the Affected Area may receive different amounts, that Eligible Persons in some parts of the Affected Area may receive nothing, that Eligible Persons resident in a particular village or who are members of a particular clan may receive different amounts, and that some Eligible Persons resident in a particular village or who are members of a particular clan may receive an amount while other Eligible Persons in that village or who are members of that clan may receive nothing.

29D.2 Any agreement between the Provincial Government and the Minister for Mining and Petroleum of the State for the purposes of Clause 29D.1 shall be reached in the deliberate judgement of each of them and all acts of the Provincial Government and the Minister for Mining and Petroleum of the State in connection with that agreement shall be non-justiciable to the maximum extent permitted by the Constitution of the State. No dispute, question or difference of opinion concerning any such agreement may be referred

to arbitration under Clause 38 of this Agreement.

29D.3 Until the Provincial Government and the Minister for Mining and Petroleum of the State reach agreement on the matters that it is contemplated that they shall agree upon for the purposes of Clause 29D.1 in respect of the distribution of and other dealing with a particular payment by the Company (the "Clause 29D.1 Matters"), the relevant payment by the Company must be paid by the Provincial Government into an interest-bearing account with a trading bank in Papua New Guinea. Within 28 days after agreement is reached by the Provincial Government and the Minister for Mining and Petroleum of the State on all of the Clause 29D.1 Matters, the relevant payment by the Company and any accrued interest thereon must be distributed by the Provincial Government in accordance with that agreement, except to the extent that such agreement requires those moneys to be otherwise dealt with. If agreement has not been reached on all of the Clause 29D.1 Matters by not later than 1 year after the date of a particular payment by the Company under the General Compensation Obligations, the Provincial Government must pay the amount of the relevant payment and any accrued interest thereon to the Lower Ok Tedi/Fly River Development Trust, to be held by that Trust absolutely.

29D.4 No Eligible Person will have or assert any right, title, interest or entitlement in or to any amount paid by the Company under the General Compensation Obligations, or any interest thereon, unless and until moneys have been appropriated for distribution to that Eligible Person in accordance with any agreement between the Provincial Government and the Minister for Mining and Petroleum of the State as contemplated by Clause 29D.1 (and the right, title, interest and entitlement of such Eligible Person shall be limited to a right, title, interest and entitlement in and to those moneys).

#### 29E COMPENSATION FOR NON-ELIGIBLE PERSONS

29E.1 The Company shall pay compensation in accordance with this Clause 29E to Non-Eligible Persons who suffer damage or loss as a result of the Company's operations. No compensation is payable at any time in

accordance with this Clause 29E in respect of damage or loss:

- (a) if it would have been impossible at that time, even had this Agreement not been entered into and the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 not been passed, successfully to sue for and recover damages in connection with that damage or loss (whether because any relevant limitation period had expired or for any other reason whatsoever);
- (b) if compensation is payable in respect of that damage or loss under Clause 29F; or
- (c) if such damage or loss is suffered after the time at which the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 comes into operation.

29E.2 A Non-Eligible Person who claims to be entitled to compensation under this Clause 29E for damage or loss suffered as a result of the Company's operations will, acting through a clan leader of that Non-Eligible Person, endeavour to agree with the Company (and the Company will endeavour to agree with that clan leader, on behalf of that Non-Eligible Person) upon the amount of such compensation. If there is a failure by the Company and a clan leader of an affected Non-Eligible Person to agree upon the amount of any compensation payable to that Non-Eligible Person under this Clause 29E the matter shall, upon the request of the Company or that clan leader, be determined in accordance with the procedure provided for in Section 157 of the Mining Act 1992. No such matter may be referred to arbitration under Clause 38 of this Agreement. A request for a determination of the amount of any compensation payable to a Non-Eligible Person under this Clause 29E shall be made by written notice to the Chief Warden, with a copy, in the case of a request by a clan leader, to the Secretary of the Company. Such a notice may relate to more than 1 Non-Eligible Person if each has suffered substantially similar damage or loss. The provisions of Part VII (other than Section 159(c)) of the Mining Act 1992 will (with necessary changes) apply with respect to a determination of the amount of compensation

payable to a Non-Eligible Person under this Clause 29E.

29E.3 In determining the amount of compensation payable to a Non-Eligible Person under this Clause 29E for damage or loss suffered as a result of the Company's operations, account shall be taken, in addition to all other relevant considerations, of:

(a) the benefits that the Non-Eligible Person has received and can be expected to continue to receive, both directly and indirectly, as a result of the development and operation of the Project, including, without limitation, matters such as the provision of infrastructure, the generation of income and wealth for the State and Western Province, the creation of job opportunities, the creation of business development opportunities, the provision of better transportation facilities, the provision of better health care and the provision of better educational and training opportunities; and

(b) any capital spending incurred or to be incurred, and any change in the Company's operations implemented or to be implemented, to mitigate the impact of the Company's operations on the Ok Tedi/Fly River System.

29E.4 A request for determination of the amount of any compensation payable to a Non-Eligible Person under this Clause 29E must be made by notice given in accordance with Clause 29E.2 within 12 months after the time at which the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 comes into operation, and (subject to Clause 29I.1) not otherwise.

29E.5 No Non-Eligible Person will have or assert any right, title, interest or entitlement in or to any amount of compensation under this Clause 29E unless and until the amount of that compensation has been agreed, in respect of that Non-Eligible Person, between a clan leader of that Non-Eligible Person and the Company or has been determined by a Warden or the National Court (and the right, title, interest and entitlement of such Non-Eligible Person shall be limited to a right, title, interest and entitlement in and to the amount so agreed or determined).

29F SPECIFIC COMPENSATION TO ELIGIBLE PERSONS AND  
NON-ELIGIBLE PERSONS

29F.1 In addition to the payments required under the General Compensation Obligations and under Clause 29E, the Company will, to the extent that it would not otherwise be required to do so, compensate each person resident in the Affected Area who suffers any of the following kinds of damage or loss as a result of the Company's operations (whether that person is an Eligible Person or a Non-Eligible Person):

- (a) damage to or loss of improvements (including, without limitation, economic trees, vegetable gardens, houses and other structures and goods and chattels);
- (b) damage to or loss of livestock (including poultry but excluding, for avoidance of doubt, wild birds, wild fish, wild turtles, wild crocodiles, and any other wild creatures); and
- (c) damage or loss as a consequence of canoes or other craft being swamped or overturned.

Subject to Clause 29F.2, the amount of the compensation that is payable will be determined, in any individual case, by agreement between the Company and the person that suffered the damage or loss. If there is a failure by the Company and an affected person to agree upon the amount of any compensation payable to that person under this Clause 29F the matter shall, upon the request of the Company or that person, be determined in accordance with Clause 29F.2 and the procedure provided for in Section 157 of the Mining Act 1992. No such matter may be referred to arbitration under Clause 38 of this Agreement. A request for a determination of the amount of any compensation payable to a person under this Clause 29F shall be made by written notice to the Chief Warden, with a copy, in the case of a request by a person other than the Company, to the Secretary of the Company. The provisions of Part VII (other than Section 159(c)) of the Mining Act 1992 will (with necessary changes) apply with respect to that determination.

29F.2 The amount of compensation that is payable to a person under Clause 29F.1 will be determined, in any individual case, in accordance with the following principles:

- (a) Compensation is payable only in respect of direct physical damage or loss.
- (b) Without limitation to (a), no compensation is payable for indirect damage or loss, or for loss of profits or economic or other consequential damage or loss, or (without limitation to the foregoing) for loss of amenity or other damage to or loss of intangibles.
- (c) The amount of compensation that is payable will be, wherever in the Company's opinion it is practicable to do so, determined on the basis of the same rates as the Valuer-General uses in comparable circumstances.
- (d) No compensation is payable in respect of damage or loss suffered by a person to the extent that:
  - (i) that person could reasonably have foreseen such damage or loss and failed to take whatever steps were open to that person to avoid or mitigate such damage or loss; or
  - (ii) without limitation to (i), that person created or contributed to a situation in which such damage or loss was possible and that person could reasonably have foreseen that such damage or loss was possible (whether or not that person created or contributed to that situation with the intention, or otherwise for the purpose, of receiving compensation).

29F.3 No person resident in the Affected Area will have or assert any right, title, interest or entitlement in or to any amount of compensation under this Clause 29F unless and until the amount of that compensation has been agreed between that person and the Company or has been determined by a Warden or

the National Court (and the right, title, interest and entitlement of such person shall be limited to a right, title, interest and entitlement in and to the amount so agreed or determined).

29G REVIEW

The parties shall meet together during the year 2001 and at intervals of 5 years thereafter with a view to:

- (a) considering in good faith whether the provisions of Clauses 29A, 29B, 29C, 29D, 29E, 29F, 29H and 29I of this Agreement, as amended from time to time, are operating in a satisfactory manner;
- (b) discussing in good faith any problems arising from the practical application of those provisions; and
- (c) agreeing upon any changes to those provisions that may appear necessary in order to ensure that those provisions continue to operate in a satisfactory manner and that any such problems are resolved.

The clan leaders of Eligible Persons and Non-Eligible Persons shall be given an opportunity to make representations to the State and the Company in connection with any such review. No dispute, question or difference of opinion in connection with any such review may be referred to arbitration under Clause 38 of this Agreement.

29H PARAMOUNTCY OF CLAUSES 29A, 29B, 29C, 29D, 29E, 29F AND 29G

Without limitation to Section 4 of the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995, the provisions of Clauses 29A, 29B, 29C, 29D, 29E, 29F and 29G prevail over any inconsistent law in force in the State, whether in force before or at the time that Clause 5 of the Restated Eighth Supplemental Agreement becomes effective or at any time thereafter and, notwithstanding Clause 9.8 of this Agreement, prevail also over the Approved Proposals.

## 29I CONSEQUENCES OF INVALIDITY

- 29I.1 If, or if any provision of, Section 5 of the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 is, in whole or in part, not legal, valid and enforceable in accordance with its terms, each of Clauses 29A, 29B, 29C and 29D shall cease to apply unless and except to the extent that, within 60 days after the final judgment of a court to the effect that such illegality, invalidity or unenforceability exists, or within such longer period as the Company may from time to time specify by notice in writing to the Minister for Mining and Petroleum of the State, the Company elects to affirm those Clauses or any of them. If final judgment is given on more than one occasion, the Company has a right of election in connection with each such judgment. If the Company ceases to be bound to pay compensation under the General Compensation Obligations in consequence of any such illegality, invalidity or unenforceability, then each affected Eligible Person shall be entitled, within 12 months after the final judgment of a court to the effect that such illegality, invalidity or unenforceability exists, to seek compensation in accordance with Clause 29E as if the person were a Non-Eligible Person. For avoidance of doubt it is recorded that no such compensation is payable in respect of damage or loss suffered after the time at which the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 comes into operation.
- 29I.2 If, or if any provision of, Section 5 of the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 is, in whole or in part, not legal, valid or enforceable in accordance with its terms, the Provincial Government must reimburse to the Company, on demand by the Company, the aggregate of all amounts theretofore paid to the Provincial Government under the General Compensation Obligations (as the General Compensation Obligations existed at the respective times of payment), whether or not the amounts so paid have been distributed or otherwise paid by the Provincial Government. Each person to whom all or part of any such payment has been distributed or otherwise paid must indemnify the Provincial Government with respect to any such reimbursement.

29I.3 If, or if any provision of, Section 5 of the Mining (Ok Tedi Restated Eighth Supplemental Agreement) Act 1995 is, in whole or in part, not legal, valid or enforceable in accordance with its terms, the Company and any Sponsor or shareholder in the Company will be entitled to deduct all or any part of the full amount of any payment (the "first-mentioned payment") made by the Company to any person on the mistaken assumption that that Section was, in its entirety, legal, valid and enforceable in accordance with its terms (not being a payment that has been reimbursed under Clause 29I.2) from any amount (the "second-mentioned payment") that the Company or that Sponsor or shareholder must otherwise pay, whether by way of compensation (or amounts in the nature of compensation) or otherwise, to persons affected by the operations of the Company (whether or not the person to whom the first-mentioned payment was made is one of the persons to whom the Company or that Sponsor or shareholder must pay the second-mentioned payment and whether or not the person obliged to make payment is the same in each case).'

- 5.4 Clause 9.2 of the First Supplemental Agreement is deleted.
- 5.5 The Principal Agreement is amended by inserting the following provision after Clause 23.17:

"23.18 (a) Any payment made by the Company under Clause 29.12, in its form prior to the date upon which Clause 5 of the Restated Eighth Supplemental Agreement becomes effective, is an allowable deduction for the purposes of the Income Tax Act 1959 in respect of the 1994-5 tax year of the Company or in respect of the 1995-6 tax year of the Company (as the Company chooses).

- (b) Any payment made by the Company under:
- (i) the General Compensation Obligations;
  - (ii) Clause 29E; or
  - (iii) Clause 29F

on or after the date upon which Clause 5 of the Restated Eighth Supplemental Agreement becomes effective is an allowable deduction for the purposes

of the Income Tax Act 1959 in respect of the tax year of the Company in which it is paid.

(c) A payment received by a person resident in the Affected Area out of any payment made by the Company:

(i) under Clause 29.12, in its form prior to the date upon which Clause 5 of the Restated Eighth Supplemental Agreement becomes effective; or

(ii) under:

(A) the General Compensation Obligations;

(B) Clause 29E; or

(C) Clause 29F

is exempt income for the purposes of the Income Tax Act 1959 and is accordingly exempt from income tax. Each payment so made and received is exempt from all other rates, taxes, charges, dues, duties or other levies whether directly or indirectly imposed before, on or after the date upon which Clause 5 of the Restated Eighth Supplemental Agreement becomes effective, and whether directly or indirectly imposed by the State or by Western Province, or by any other entity or authority whatsoever.

(d) Division 2 of Part VI of the Income Tax Act 1959 and any similar provisions of that Act (and, in each case, the corresponding or similar provisions of any other legislation, national, provincial or otherwise) does not apply in respect of any payment:

(i) under Clause 29.12, in its form prior to the date upon which Clause 5 of the Restated Eighth Supplemental Agreement becomes effective; or

(ii) under:

(A) the General Compensation Obligations;

(B) Clause 29E; or

(C) Clause 29F."

5.6 The Principal Agreement is amended by inserting, as Schedule IV, the material set out in Appendix 2 to this Agreement.

6. PURCHASE OF ADDITIONAL EQUITY BY THE STATE

The Principal Agreement is amended by inserting the following provisions after Clause 11.12:

'11.13 (a) As contemplated by Clauses 3.3(b) and (c) of the Restated Eighth Supplemental Agreement, the State has acquired, or will acquire, from BHP Minerals Holdings Proprietary Limited and Inmet Mining Corporation a further 10% (direct or indirect) of the issued ordinary shares in the capital of the Company. Those shares have been, or will be, acquired as follows:

(i) from BHP Minerals Holdings Proprietary Limited - 8% (being 18,800,000 issued ordinary shares in the capital of the Company); and

(ii) from Inmet Mining Corporation - 2% (being 4,700,000 issued ordinary shares in the capital of the Company).

(b) The terms and conditions of those acquisitions were, or will be, as agreed upon between the State and the vendors of the shares. No stamp duty was, or is, payable in respect of any transfer made in connection with those acquisitions.

(c) The shares have been, or will be, transferred to and held by the State or by a corporation that would, if the State were itself a corporation, be a wholly-owned subsidiary of the State for the purposes of the Companies Act Chapter 146 of the Revised Laws of the State as in force on 1 January 1995. Those shares have been, or will be, transferred to and held by the State or that corporation with the intention that the benefit of those shares will accrue to the people of Western Province. The Minister for Mining and

Petroleum of the State will, after consultation with the Provincial Government, determine how best to give effect to the intention referred to in the immediately preceding sentence, consistently nevertheless with the mining policy of the State at the time of such consultation and determination. Unless, and except to the extent that, the Minister for Mining and Petroleum of the State otherwise determines, all voting rights and rights to appoint directors arising out of ownership of, or otherwise in connection with, the shares must at all times be exercisable only by the State and for these purposes the shares will be aggregated with the shares held by the State in its own name. To the extent that the shares are held by a corporation, the State must ensure that that corporation remains, at all times while it holds such shares, a corporation that would, if the State were itself a corporation, be a subsidiary of the State for the purposes of the Companies Act Chapter 146 of the Revised Laws of the State as in force on 1 January 1995. For the purposes of the Income Tax Act 1959 no dividend or other distribution on or in respect of any such shares will form part of the income of any trust estate of which those shares might from time to time form a part. Any determination of the Minister for Mining and Petroleum of the State for the purposes of this Clause 11.13(c) shall be reached in the deliberate judgement of the Minister for Mining and Petroleum of the State and all acts of the Minister for Mining and Petroleum of the State and the Provincial Government in connection with any such determination, or any consultation in that regard, shall be non-justiciable to the maximum extent permitted by the Constitution of the State. No dispute, question or difference of opinion concerning any such determination or consultation may be referred to arbitration under Clause 38 of this Agreement.

- (d) No person resident in Western Province will have or assert any right, title, interest or entitlement in or to any shares referred to in Clause 11.13(c) or any dividend or other distribution on or in respect of any such shares except if and to the extent that, consistently nevertheless with Clause 11.14, any such right, title, interest or entitlement arises as a result of any determination of the Minister for Mining and Petroleum of the State under Clause 11.13(c).

11.14 The State and any corporation referred to in Clause 11.13(c) may transfer any of the ordinary shares respectively held by it in the capital of the Company in accordance with the Articles of Association of the Company and any agreement between shareholders, but not otherwise. Any shares so transferred may only be further transferred in accordance with the Articles of Association of the Company and any agreement between shareholders, but not otherwise. No person other than a person to whom shares are transferred in compliance with this Clause 11.14 may have any interest in any such shares.'

29J.3 The Company will involve the Provincial Works Department of Western Province in the implementation of the projects referred to in Clause 29J.1. The Company will assist that Department to put in place an agency or other instrumentality which will assume responsibility for implementing and maintaining such projects.

29J.4 Neither the Company nor any of its employees, agents and contractors shall have any liability under any statute or other law of the State for any act or omission by it or them in connection with the implementation of any project by the Lower Ok Tedi/Fly River Development Trust (whether or not that project has been identified by the government of Western Province under Clause 29J.1) unless that act or omission arises from an intentional failure to perform a manifest duty in reckless disregard of the consequences, or arises from wilful misconduct."

The Eighth Supplemental Agreement, being the agreement dated as of the 4th day of August 1995 headed "Eighth Supplemental Agreement" between the State, The Broken Hill Proprietary Company Limited, BHP Minerals Holdings Proprietary Limited, Inmet Mining Corporation and the Company, is hereby terminated. This Agreement replaces that Agreement.

## Appendix 1

[NOTE: THE FOLLOWING IS ONLY AN OUTLINE OF THE MATTERS REFERRED TO.]

1. The following arrangements replace any current right to make claims in connection with environmental effects of Ok Tedi Mining Limited's operations.
2. Residents of the Affected Area will have 6 months after this Act commences in which to elect that they want compensation determined by agreement with the Company or, failing agreement, by a Warden under the procedures of Part VII of the Mining Act 1992. An appeal can be made from a Warden's determination to the National Court.
3. All residents of the Affected Area who do not elect as referred to in paragraph 2 above will instead be entitled to participate in arrangements under which the Company must pay general compensation each year on the basis of a fixed amount per tonne of ore mined or waste excavated. General compensation will be distributed in accordance with arrangements to be agreed with the Minister for Mining and Petroleum.
4. All residents of the Affected Area, whether they are seeking compensation in accordance with paragraph 2 above, or participate in the general compensation arrangements in accordance with paragraph 3 above, may claim specific compensation for particular types of damage or loss (such as damage to or loss of improvements and livestock).
5. If more than 15,000 people elect as referred to in paragraph 2 above, the Company may require all residents of the Affected Area to proceed in that way.
6. Compensation received under the procedures outlined in paragraph 2 above, or in proceedings Nos 5782, 6861 and 6862 of 1994 in the Supreme Court of Victoria, up to an aggregate of K20,000,000 (adjusted for CPI changes), will be netted off against the Company's obligation to pay general compensation as referred to in paragraph 3 above.
7. People who elect as referred to in paragraph 2 above are not entitled to claim compensation in accordance with paragraph 2 for damage or loss suffered after this Act commences, and must request a Warden's determination within 12 months after this Act commences (or not at all). They may nevertheless claim specific compensation for particular damage or loss of the kind referred to in paragraph 4 above, even if that damage or loss is incurred after this Act commences.
8. These arrangements will be reviewed at 5 yearly intervals. The first review will be in 2001.
