*Notes:—*

- (1) Residential Tariff (i.e. where the water is solely for domestic use) apply to residential users in properties owned by private individuals only.
- (2) The Residential Tariff is distinguished High Covenant and Low Covenant Residential properties applies only to single-metered properties owned by private individuals (and does not apply to residential use by government owned properties or corporated customers). Existing High Covenant properties, multiple residential buildings, such as flat and duplexe, with more than one meter installed in the property will be charge on Class 2 Commercial/Industrial/Non-Domestic/High Users tariff.
- (3) The distinction between tariff classification among residential users (Low Covenant Residential, High Residential owner occupied, High Covenant Residential non-owner occupied) is based on both Unimproved Land Value (High Covenant Residential tariff for properties with ULV  $\leq$  K12,00) as well as whether the occupant is the registered property owner (only private individual are eligible for Residential tariff).

**Notice of Water and Sewerage Tariff Charges:—continued**

- (4) Low Covenant Residential usage is charged on one tariff, Class 3.3 Low Covenant Residential Tariff, irrespective of whether it is owner-occupied or tenanted.
- (5) Corporate owners or corporate tenants and all non-individuals continue to be charge on Class 2 Commercial/ Industrial/Non-Domestic/High Users tariff, tenanted.
- (6) Government owned properties continue to be charged on Class 1 Government Tariff, irrespective of type of usage.
- (7) Where the registered owner is responsible for thw account, conditions of the supply contract and recourse by Eda Ranu (inthe event of non-payment by the customers are seat out in the Eda Ranu legistlarion (NCD *Water Supply and Sewerage Act, 1996*).
- (8) Where the registered private individual owner is not reponsible for the account, a supply contract is drawn up between the user and Eda Ranu. One of the provisions of such a contract is the requirement for a security bond to be deposited by the customer with Eda Ranu.
- (9) All users with monthly consumption of more than 150 kilolitres will be charged on one standard tariff (Class 2 Commercial/Industrial/Non-Domestic/High User Tariff) for the whole volume, irrespectiveof property or usage classification of the customers.
- (10) Approved Schools will be charged Class 4 Tariff for all authorised consumption volume. The authorised volume will be based on parameters established for each Approved School based on the enrolment of the school and an agreed per capital consumption volume.
- (11) The rates are excluding GST/VAT.
- (12) Charges have been set on a per connection basis.
- (13) The customer is responsible for the cost of connection to the building from the connection provided by Eda Ranu.
- (14) For temporary connections, the water charge will be class 2 Commercial/Industrial/Non-Domestic/High Users Tariff.
- (15) All bills for water and sewerage rates to be paid within 14 days of billing. Failure to pay accounts within the stipulated period will lead to service being disconnected and recovery action taken.

**Non-Regulated Service**

| Public/Community Bulk Meters                  | Water (Kina) |      |      |      | Metered Stand-Pipes | Monthly Charge |
|---|--------------|------|------|------|---------------------|----------------|
| All registered volume (per kl) ....           | 1.00         | .... | .... | .... | Up to 15 kl         | K7.50          |
| Eda Ranu filling Station Coupon sale (per kl) | 4.00         | .... | .... | .... | Up to 50 kl         | K25.00         |

There will be a re-introduction of a standpipe charge for purely domestic usage. This classification applies to properties where the meter is connected to a standpipe tap.

- (a) This classification is intended to assist property owners and tenants currently incurring high bills but who may not be in a position to finance massive repairs to a badly leaking internal plumbing system.
- (b) A monthly fixed charge is imposed for stand-pipe connections. The monthly fixed charge for such a connection is equivalent to an assumed monthly consumptions for domestic use.
- (c) Conditions will be imposed for stand-pipe connections. The customer will undertake not to connect the stand-pipe to internal plumbing within the property.
- (d) A range of volume will be allowed for a monthly fixed charge payment and a meter will still be installed to check that the customer's consumption is within the approved range.
- (e) Full Residential Tariff will be charged for properties with stand-pipe connections where the usage consistently exceeds the approved range by more than 10%.

- (a) Charges based on meter readings under Items 1 and 2 have been set on per connection basis. All charges under items 1 and 2 must be paid within 30 days after the date of delivery of an account. Failure to pay accounts within the stipulated period will lead to service being disconnected and recovery action being taken. The user of the service and/or the owner of the property are responsible for paying bills or for ensuring that bills are paid.
- (b) The customer is responsible for the cost of connecting to the building from the property boundary.
- (c) For temporary new connections, the water charges will be the same as for permanent customers under item 1.
- (d) Where in a declared Waterboard area a person or entity continues using the private supply for water and makes a request in writing, or if the Waterboard directs, the sewerage charge shall be based on an effluent meter reading as per item 2.2 above. The user shall bear the cost of installation and also will be subject to standby water fees as per item 4.1 above.

Dated this 9th day of December, 2005.

T. ABE,  
Commissioner.
