SUMMARY:

1. FAILED LLG'S 27
2. FAILED WARDS 605

Failed LLG And Ward Listing—*continued*

The respective elections in all the respective wards set out in the table above is failed by virtue of my powers under section 97(2) of the *Organic Law on National and Local Level Government Elections* for the reason that having being failed previously in 2013 and that the Courts have decided that each ward should be failed separately, time for return of the writ has lapsed and therefore there is no valid writ existing to return. The election is now deemed to have been failed for the reason that no valid writ was returned within the time set out in the writ as required by Section 97(2) of the *Organic Law on National and Local Level Government Elections*.

Although some candidates were declared in some of the named wards, no writ from the named wards were returned to the Minister for *Provincial and Local Level Governments* within the times set out in the writs respective and the time periods have expired, thus the failure of the election.

Dated this 21st day of September, 2016.

P. GAMATO, ML,
Electoral Commissioner.
