No. G353]

PORT MORESBY, FRIDAY, 5th MAY

[2017

Customs Tariff Act 1990.

EXEMPTION FROM IMPORT DUTY.

I, BOB DADAЕ, Governor-General, by virtue of the powers conferred by Section 9(1)(a) of the *Customs Tariff Act 1990*, and all other powers me enabling, acting with, and in accordance with, the advice of the National Executive Council, hereby exempt from import duty for the importation of these necessary Training Materials for a period of at least five (5) years, with effect on and from the date of import.

SCHEDULE.

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
1. SLPP: Main Process Equipment and Materials.				
Horizontal & Vertical Separators	5	SA516	Carbon Steel	84213900
Feed Tank (Water)	1	SA516	Carbon Steel	73101000
Feed Tank (Oil)	1	SA516	Carbon Steel	73101000
Immersion Heater for Oil feed tank	1	Stainless Steel Element	18kW heating element from Reach Electrical	85161000
Centrifugal pumps	11	Cast Iron	Calpeda & Samson pumps	84137000
Air Compressor	2	Mfr'std	IR or equivalent	84144000
Piping		A106B	Carbon Steel	73049000
Steel structure	1 Lot	Structural steel A36	1-channel c/w galvanized grating 25mm x 5mm thk	73089010
Plated Heater Exchanger	1	Stainless Steel	Alfa Laval	84195000
All valves		Carbon steel	Beaver equivalent	84818000
Filter (cartridge and carbon filter)	11 sets	Carbon steel		84213900
Pigging System	1	Carbon steel		73079900
2. SLPP: Field Instrumentation.				
Ex certified DP Transmitters	5	Stainless steel	4-20mADC (Yokogawa)	90269000
Ex certified DP Transmitters	5	Stainless steel	4-20mADC (Yokogawa)	90269000

Exemption From Import Duty—continued**Schedule—continued**

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Ex certified Temperature Transmitters		SS thermo wells	4-20mADC (Yokogawa)	90259000
Control valves with E/P positioners		min Class V shut off	Samson, Valtek or Emerson	84818000
On/Off valves with solenoid valves		min Class V shut off	Samson or Valtek	84818000
Pressure Indicators		Wika or Bourdon or equivalent		9026900
Multicore, armoured screen cables	24			85442000
Single pair, armoured, screen cables				85442000
Armoured cables			Motor and start/stop switches	88442000
Certified Ex Junction boxes				85381000
Compression fittings		Stainless steel	10mm tubing and double ferrule (Swagelok or equivalent)	73072900
Certified electrical glands			(Hawke or equivalent)	85442000
3. SLPP: Control Room Equipment.				
Control room Operator Stations	4pc		Based system with 32" screens	84714100
Control room Engineering Stations	1pc		Based system with 32" screens	84714100
Centum system software		Yokogawa	CPUs to provide control and monitoring functions, screen graphics	84714100
Dedicated PLC	1		Shut down, fire and gas	85365000
Marshalling cabinet,	1	Housing CPUs	1/0 modules, power suppliers, cabling to/from field, Control room operator and engineering stations.	85381000
4. SLPP: MCC System.				
Power Distributions		motors, heaters and plant lightening		85389000
Individual Rack Out Isolation		motors and heaters		85353000
Overload and earth leakage detection systems.			Repeated to DCS	90301000
Power Consumption		Automatically Hourly/daily	readings repeated to DCS	90283000
Lock and Tag out capability				83100000
Panel meter		Voltage/Amps		90283000
Bus bars			Overload relays and segregated terminals	85364900
5. SLPP Calibration Equipment, Tools and Bulk Materials.				
Weight Tester	1		Dead	90269000
Bath temperature	1			90259000
Druck Pressure Calibrator	1	medium pressure		90269000
Pressure Calibrator	1	low pressure		90269000
Standard gauges	set			90268000
Flukes	4			90303200
Stabiliser Power Supplies	2	24VDC		85371000
Decade boxes	2			85381000
Brain Smart Hand Held Calibrators	1	Yokogawa		82055900
Pipe Benders	4	Stainless steel	6mm and 10mm OD piping	82055900
Electrical Crimping tools	2			82055900
Electrical cable cutters	2			82055900
Ferruling machine	1			84439900
Drum	1	Single pair, armoured, screen cables		85442000
Ex Cable Glands	100	Hawke or equivalent)		85442000
Double Ferrule	100	SS fitting	6mm/10mm (Swagelok or equivalent)	73079900

Exemption From Import Duty—continued**Schedule—continued**

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
OD SS Tubing				73030000
OD SS Tubing			6mm	73030000
6. SLPP Structural Work Materials.				
Structural Grade Universal Columns			various sizes	73089010
Structural Grade Universal Beams			various sizes	73089010
Structural grade Mild Steel Angle			various sizes	73089010
Mild Steel flat bar			various sizes	72223000
Pressure Grade Steel Pipes			various sizes & Schedules	73053100
Mild Steel Flanges			Various Size and Pressure ratings	73072100
Piping Gaskets			various materials, ratings and thickness	84849000
High Tensile Bolts ,Nuts and Washers.			Various diameters and lengths	73181500
Gasket cement/glue				35069900
Graphite Grease				27101160
Whip Checks				85441900
Portable Hydraulics Hoist(s)				84251900
Chain Blocks			various ratings and lengths	84251900
Slings			various ratings and materials	73129000
Ring Spanner Sets		Metric	various sets	82042000
Flogging Spanners		Metric	Various Sizes	82042000
Tension Wrench			various sizes /ratings	82041200
Spill Kits			various types and sizes

Pump stop/start buttons				39235090
Junction Boxes				85381000
Cabling & Glanding				85442000
Flow Control Valves, Level Control				84818000,
Valves & Pressure Control Valves,				84811000
PSVS				84814000
Strainers/Filters				84219900
Meters				84199000
Isolation valves (various types) for single valve isolation & Double, Block, Bleed isolation.				84818000
Drain valves.				84818000
Closed Drain System & Open Drain System.				90230000
Spectacle Blinds				73072100
Pressure, Level, Temperature & Flow Transmitters & gauges.				90262000, 90251900, 90261000
Small bore instrumentation pipework to/ from all control loops (Swagelok - Imperial).				841990
Flow Meters (Orifice)				90261000
Lighting				94054000
14. Static & Rotating Equipment				
<i>Skid/Lab Mechanical.</i>				
Gear boxes various types (cut away)				87084000
Gear boxes various types - for strip down/reassembly.				87084000
Heat Exchangers various types - Shell and Tube, Plate, Air & Water (cut away).				84195000
Small Laser Alignment Pump Skid.	2			84138100
Small Pumps various types (cut away).				84138100
Small Pumps various types - for strip down/reassembly.				84138100
Cut away Valves - various types				84814000
Cut away PSV's - various types				84814000
Cut away Control Valves - various types.				84814000
Cut away Air/Hydraulic Actuators - various types.				84814000
Small Positive Displacement (Piston) Compressor - Cut away.				84136000
Centrifugal Compressor - Cut away				841480
Pneumatic Training Station				90230000
Hydraulic Training Station				90230000
Selection of couplings				84836000
Cut away Internal Combustion Engines - Diesel/Petrol				84089000
15. Instrumentation Training				
<i>Station.</i>				
15.1 Pressure Training Station.				
Small bore instrument tubing (Swagelok -Imperial)				830710
Junction boxes, cabling, glanding, cable trays, unistrut etc.				853100, 854420
Block Manifold		5 way		848180
Pressure gauges			Various	902620
Pressure transmitters			Rosemount 3051S	902690
Differential pressure and level transmitters			Rosemount 3051S	902690
Deadweight tester				902680
Pressure Calibrators		Druck DPI 610/615	Fluke 718	902620
Hydraulic hand pump				841381
24 volt DC power supply				850440

Exemption From Import Duty—*continued*Schedule—*continued*

15.2 Level Training Station.				9023
Small bore instrument tubing (Swagelok -Imperial).				830710
Junction boxes, cabling, glanding, cable trays, unistrut etc.				853810, 854420
Level switches				853650
Leveltrols				902610
Radar level transmitter				852610
15.3 Temperature Training Station.				
Small bore instrument tubing (Swagelok -Imperial).				830710
Junction boxes, cabling, glanding, cable trays, unistrut etc.				853810, 854420
Temperature bath				902590
Temperature gauges				902590
Temperature transmitters		Rosemount 3144P		902590
Thermocouples				902580
Resistance Temperature Detector (RTD).				902590
Thermistor				902580
Thermowell				902690
Resistor box				853810
24 volt DC power supply				850440
mA source for thermocouple				902580
15.4 Flow Training Station.				
Vessel (Water)				39249090, 732393
Small bore instrument tubing (Swagelok -Imperial).				830710
Junction boxes, cabling, glanding, cable trays, unistrut etc.				853810, 854420
Recirculation pump (closed loop system) with variable speed drive.				841350
Flow transmitters				902610
Magnetic Flow Meter				902610
Differential pressure flow devices		3051S		85432000
Ultrasonic Flowmeter				902610
Positive Displacement Meter				902620
24 volt DC power supply				850440
15.5 Valve Training Station.				
Various cut-away control valves-Pressure flow, v-ball, plug & stem, butterfly, plug & cage.				848140
Valve Positioner				848190
Solenoid Valves				848180
Shutdown/Blowdown valves				848180
Motorised Operated Valves (MOV's).				848180
Self-acting control valves				848180
Pressure Safety Valves (PSV's)				848140
Test equipment for valve leakage				848190
I/P Convertor (Current - Pressure).				902690
Pressure regulators				902690
15.6 Air Compressor Training Station.				
Air Compressor		e.g 5.5 HP	(located external of Training Workshop)	841440
Instrumentation Air Ringmain			routed around trainee workshop	841490

Exemption From Import Duty—*continued*Schedule—*continued*

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Associated flow pipework, joints, valves etc.				730429
Cable trays, unistrut etc....				854420
Pressure Regulators - for Instrument Air. 20 psi & 40 psi				902690
15.7 Gas Detector Training Station.				
Flame Detectors				902710
H2S Detectors		(Hydrogen Sulphide)		28041000
Heat Detectors				902780
Gas Detectors - Combustible Gas Detector (Methane) - Point watch and Path watch		Beam, Point & Infrared		902710
Smoke Detectors				902710
Portable Gas Detectors - Crowcon				902710
Calibration gases - 2.5% LEL - Methane, H2S, CO2 etc.				90281000
Flame Detector test torch				902710
Smoke detector tester (aerosol)				902710
24 volt DC power supply				850440
15.8 Instrumentation Test Bench.				
24 VDC Indicator: Indicates 24 VDC power to panel instruments, supplied by a power supply.				902890
Loop Powered Meter: Used in conjunction with an external power source, wired in series with load when testing Instrument.			Caution do apply voltage source directly into meter. Used in calibrating transmitters. Displays 420mA or 0 100%	902830
24 VDC Supply: Two banana jacks labelled 24 VDC supply, supplied by a power supply.	75 Amp			902890
4-20 ma input/3-15 psig output: Banana jacks are connected to I/P current to pressure transducer.				902890
External 420 ma source connected to output banana jacks will output a 3-15 psig (valve testing transducers etc.)				84811000
24 VDC Solenoid Test: 24 VDC powered from a power supply to banana jacks on panel.				902890
Connect solenoid extension wiring to banana jack input, select either a momentary switch closure or close rocker switch for continuous operation.				84814000
Continuity Test: 24 VDC powered from a power supply to banana jacks on panel. Connect device to be tested to banana jack input				902890
Light will instantly illuminate if conducting, also rocker switch will enable a buzzer to sound if so desired.				94054000
Used to test on continuity on pressure switches, solenoids, etc.				85365000
Three Digital Pressure Gauges, ranged from 15 to 30 psi, 0300 psi and 03000 psi. Regulators are used in conjunction with the digital gauges.				902620

Exemption From Import Duty—*continued*Schedule—*continued*

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Each gauge system is equipped with 2 input/output ports except the low range (15 to 30 psi) gauge which has 1 port.				90268000
Each gauge system is equipped w pressure (15 to 30 psi) gauge system is equipped with a valve which is selected to either vacuum or pressure usage.				90268000
Used to check transmitters, switches, gauges, etc.				90261000
Malfunction Process calibrator is used as volt, current, resistance, temperature (T/C/RTD), frequency measurement, inputs and outputs.				902890
Used to check temperature transmitters, T/C or RTD, controllers, Frequency meters/transmitters, current to voltage transducers, etc.				90261000
20 psi supply port for external usage, transmitters, etc. (optional) two pneumatic ports with adjustable regulator.				902890
A 250 ohm precision load resistor, accessed from banana jacks used (in conjunction with a transmitter as a load resistor when calibrating.				852329
Supply tubing & fitting (standards) is 1/4 copper/brass. Optional all 316 SS tubing and fittings.				830710
Console Light (optional).				940540
All electrical power and gas supply connections enter from top (optional side mount).				853670
Pneumatic cleaning nozzle/hose (standard).				85043200
Five drawer metal cabinet (standard).				853810
Test bench can be either a floor mount or castor mount.				903120
Vacuum pump optional-can be mounted externally or internally utilizing a large one drawer cabinet.				841410
Fluke 744 calibrator optional				903032
Vice-optional				820570
Customer to specify type gas supply and pressure.				8481100
16. Large Laboratory training equipment.				902300
Automatic Density Meter + accessories (Anton Paar equivalent)				85042100
Karl Fischer Colourmetric Titrator + accessories.				52051400
Heated Centrifuge for water and sediment analysis + accessories.				84144000
Temperature bath				84191100
Sediment in Crude and Fuel Oil by extraction.				38241000
Analytical Balance				84239000

Exemption From Import Duty—*continued*Schedule—*continued*

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Salt in Crude Oil analyser				90275000
Laboratory Mixer + accessories (Doedijns RMS 20).				28469000
Fume Cubboard (120 x 75 x 210) + accessories.				94035000
17. Electrical Training Stations & Training Equipment.				
17.1 Lighting training station.				
Flood lighting (e.g. Chalmet)				85012000
Street lighting (e.g. Petrel or Lucy)				940540
Luminary/Fluorescent lighting-both emergency & normal e.g .				940540
Exit light signs - escape/ safely				940560
Junction boxes, cabling glanding, cable support work (tray, ladders, unistrut).				853810, 854420
Switches, Isolators, Plugs & Sockets				853650, 853530, 853669
3 phase distribution board with circuit breakers/mini circuit breakers (MCB's).				853810
Residual Circuit Device (RCD), key safe with lock out/tag out, padlocks.				853630
Earthing (bonding main)				853650
Electrical safety matting				401699
17.2 Sockets Training Station.				
Sockets Outlets Ex rated (110V, 240V, . 440V - 16A, 32A, 64A) e.g. (Ceag)				853669
Plugs Ex rated (110V, 240V, 440V, - 16A, 32A, 64A) e.g. (Ceag).				853669
Domestic Socket (110V, 220V with and without RCD) connection in Ring Main and Radial.				853669
Plugs (110V, 220V - 16A, 32A)				853669
Junction Boxes, Cabling Glanding, Cable support work (Cable tray, ladder, unistrut etc.)				853810, 854420
Switches, Isolators, Plug & Sockets.				853650, 853530, 853669
3 Phase Distribution Board with Circuit Breakers: MCB's (miniature circuit breaker)				853810, 853620
RCD's (Residual circuit device), Key safe with Tags, Lockout and Pad-Locks.				
Transformer (small power step down 220V ac - 110V ac)				850433
Earthing (bonding, main)				853650
17.3 Electrical Heater Training Equipment.				
Heater Control Panel (3 Phase, 1 Element) with all protection relays.				851610
Example could be found in the attached link below. Also Key safe with Tags, Lockout and Pad-Locks.				
Heaters (Space), Thermostat, Safety cut out, etc.				851610, 903210

Exemption From Import Duty—continued**Schedule—continued**

Switches, Isolators, Junction Boxes, Plug and Sockets, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.)				853650, 853810, 853669
Switches, Isolators, Plug, Sockets				853650, 853520, 853669
Earthing (bonding, main)				853650
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
17.4 AC & DC UPS (Uninterruptable Power Systems) Training Station.				847330
AC and DC UPS (Rectifier, Convertors, Invertors, Static Switch, and other components) e.g. Gutor.				85014000
AC and DC Distribution Panel				85043200
Battery Systems (Maintenance free lead Acid gel, valve regulated.				850720
Test Equipment (Cell order, Battery Discharger, Top up device, Etc.).				850790
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
Key safe with Tags, Lockout and Pad-Locks.				830170, 830140
17.5 Batteries Training Station.				
Battery Distribution Panel with Circuit Breaker e.g. RCD (Residual circuit device), Also Key safe with Tags, Lockout and Pad-Locks.				853810, 830170, 830140
Battery Systems (Lead Acid Dry and Wet, Nickel, Cadmium, Nickel -Iron Alkaline) with different connections (e.g. in parallel and in series).				850720, 850730, 850740
Test Equipment (Hydrometer, Cellcorder, Discharger, Charger, Top up device, etc.).				902580, 903039, 850790
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, Unistrut, etc.).				853810, 854420
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
17.6 Earthing Display Training Station.				
NER (Neutral Earth Resistance) - simulation.				853329
Bonding				853670
Clean/Instrument Earth.				854451
IS Earth				854451
Power/Potential/Dirty earth.				85043400
Earth pit, rod, bus-bars, connections				853810, 721590, 740710, 853670
Surge & Lightning protection systems.				940540

Exemption From Import Duty—*continued*Schedule—*continued*

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Zig Zag Transformer - simulation only.				902300
Motor Vessel, Junction Box, Distribution Board, Earth Greed – simulation.				841280, 853810, 853810, 902300
Earth Real				721590
Pressure Transmitter				902690
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
17.7 Fuses Display/Training Station.				
Fuses (HRC - High Rupture Capacity, Red Spot), etc.				853610
Fuses of different sizes 2, 6, 10, 20, 25, 32, 64 Amps, etc...				853610
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Switches, Isolators, Plug & Sockets, Distribution Board with Circuit Breakers e.g. MCB's (miniature circuit breaker), RCD's (Residual circuit device) Key safe with Tags, Lockout and Pad-Locks.				853650, 853530, 853669, 853810, 853620, 830170, 830140 850433
Transformer (small power step down 220V - 24V).				850433
Earthing (bonding main)				853650
Small LEDS (Lighting Emitting Diode) with sockets, Fuse holder lock out different sizes.				940540
Drawing as per Installation, Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				490600
Fuse display with different type of fuses on it equipped hand-out containing all necessary information about fuses.				902300
17.8 Motor Control LV (Low Voltage) Training Station.				
Distribution Board e.g. (Iteco, ABB, Etc...) with cubicles: DOL (Direct on line) and Reverse are mandatory.				853810
Star - Delta, Soft Start, VSD - (Variable Speed Drives)/VFD (Variable Frequency Drives) is future project/preferable.				85323000
Distribution Board: Standalone, Transparent for motor connection D.O.L without load (Shaft of motor not connected off load.				853810
Cut away examples of AC/DC motors (Non Ex rated and Ex rated).				841280

Exemption From Import Duty—continued**Schedule—continued**

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Components: Fuse, Overload, Contractors, Protection Relays, Switches and Isolators, Circuit Breaker, Voltage and Current Transformers, etc.				853610, 850490, 853650, 853649, 853650, 853530, 853620, 850433
Remote Operation				85269200
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Switches, Isolators, Plug and Sockets				853650, 853530, 853669
Transformer (small power step down 220V - 24V).				850433
Earthing (bonding main)				853650
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
Key safe with Tags, Lockout and Pad-Locks.				830170, 830140
17.9 Transformers & components				
Training Station.				
Cutaway Transformer				830170
Transformers Power-Dry Air Force				830170
Transformers Power Oil insulated- Transformers.				830170
Tap Changer On and Off line				830170
Auto Transformer				830170
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Switches, Isolators, Plug and Sockets, Extension lead weatherproof 110V and 220V quipped with RCD.				853650, 853669, 853669
Transformer (small power step down 220V - 24V).				850433
Earthing (bonding, main).				853650
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
17.10 Bus Layout & Components				
Training Station.				
Cubical Frame work				39221000
Bus-Bars				7404000
Cable Termination				853650
Truck Stabs				7400000
Junction Boxes, Cabling, Glanding, Cable support work (Cable Tray, ladder, Unistrut, etc.).				853810, 854420
Simulation Motor, Earthing (bonding, main).				841280
Electrical Safety Matting with voltage rating equal or more than 1000 Vac.				401699
17.11 Motor Control HV (High Voltage) & components				
Training Station.				
				401699

Exemption From Import Duty—*continued***Schedule—*continued***

Column 1. Category	Column 2. Quantity	Column 3. Material	Column 4. Remark	Column 5. Tariff Code
Switchboard with cubicles				902300
Two Incomer Breakers/Cubicles.				853620
One Tie Breaker				853620
Two Diesel Generators being connected to the each side of Switchboard, which can be run in parallel if needed be.				851150
Two Feeders Star - Delta, VSD - (Variable Speed Drives)/ FD (Variable Frequency Drives).				851150
Two Motors as a load				841280
Remote Operation				841280
Breaker Track				841280
Components: Fuse, Overload, Contractors, (Variable Speed Drives)/ FD (Variable Frequency Drives).				853610, 850490, 853649,
Cabling, Glanding, Cable support work.				854420
Transformer (small power step down) for simulation of High Voltage.				854420
Earthing (bonding, main)				853650
Drawing as per Installation, Electrical				490600
Safety Matting with voltage rating equal or more than 30000 Vac.				
HV Breaker, e.g.				490600
Indoor Switchgear Type AH12.				853669
Incomer/Outgoing with VCB (Vacuum Circuit Breaker) and SF6 (preferably).				853669
Rated Voltage - 12 kV.				853669

Dated this Wednesday, 3rd day of May, 2017.

BOB DADAE,
Governor-General.
