1. This is an appeal from a decision of 15 September 2014 delivered by Justice Aru in which he refused the relief sought and dismissed the application. The background and contentions are comprehensively recorded therein.
2. We heard and discussed the issues raised with Mr. Boar. We can find no basis to disagree with the conclusions reached, for the reasons given, by Justice Aru. Extensive submissions filed for the First Respondent confirmed the position.
3. The Appeal is dismissed. The Respondent is entitled to costs in the normal manner.
